Honorable Joseph A. Califano, Jr.
Secretary of Health, Education, and Welfare
200 Independence Avenue, S.W.
Washington, D.C. 20201

Dear Mr. Califano:

I have read the proposed regulation on "Smoking in GSA-Controlled Buildings and Facilities" and I certainly agree that it establishes a sensible and reasonable policy. You may be assured that this Agency will give its full support toward implementing the regulation. Incidentally, I have declared my office as a non-smoking area.

In general, I see nothing within the proposed regulation which would draw criticism from smokers and nonsmokers and I heartily endorse the policy.

Yours sincerely,
